STATE CLEARINGHOUSE

NEWSLETTER

October 16-31, 2006

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **October 16-31, 2006.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse/clearinghouse.shtml

Questions regarding federal grant notices should be directed to **Sheila Brown.**

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Senior Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

MEMORANDUM

Governor's Office of Planning and Research State Clearinghouse

Date: December 5, 2003
To: All CEQA Lead Agencies
From: Terry Roberts, Director, State Clearinghouse
Re: Submission of Electronic CEQA Documents to State Clearinghouse

In order to take advantage of the cost and time savings associated with electronic documents, the State Clearinghouse will accept electronic documents under the following conditions:

1. Electronic documents shall be on CD, and the file format shall be either Adobe PDF or Microsoft Word.
2. For EIRs, each CDs must be accompanied by a printed copy of the Executive Summary. This allows the State Clearinghouse and the reviewing agencies to efficiently route the document to the proper persons.
3. Negative Declarations and Mitigated Negative Declarations will not be accepted on CD. However, any separately bound technical appendices to the document may be submitted on CD.
4. For certain projects, particularly large infrastructure projects such as airport expansions, the State Clearinghouse may request a certain number of hard copies. In addition, the lead agency shall honor a special request from a responsible or trustee agency which requires a hardcopy for purposes of review and comment.
5. This policy does not invalidate CEQA Guideline §15205, which requires a public agency submitting printed documents to the State Clearinghouse to send, in addition, an electronic copy of the document, *if available*.

If you have any questions regarding the submission and circulation of environmental documents, please contact the State Clearinghouse at (916) 445-0613 or state.clearinghouse@opr.ca.gov.

**ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE
1999 through 2005**

All CEQA documents filed with the State Clearinghouse are available for viewing on the Internet at <http://www.ceqanet.ca.gov/>

<u>Documents Received on Monday, October 16, 2006</u>			
2003071138	Riverside Motorsports Park EIR Merced County Atwater--Merced Construction of a 1,187-acre regional motorsports recreation, entertainment, and commercial business facility. Eight motorsports venues would be included in addition to other motorsports-themed entertainment and recreation-based guest amenities such as restaurants, retail shops, and amusement arcades. A supporting infrastructure of mixed-use light industrial, commercial, and retail businesses supplying materials, products, and services to the motorsports community, attending motorsports competitors, and attending guests of the facility.	FIN	
2006101096	Oasis Sanitary Landfill Solid Waste Facility Permit Revision Riverside County Waste Management Department --Riverside The proposed project involves renewing operations and revising the facility's SWFP in order to: (1) increase the permitted capacity from 400 tons per day (tpd) to 450 tpd; (2) expand operating days from twice a year to up to two times a week; (3) expand operating hours; and (4) change the estimated closure date from 2186 to 2121. No new or expanded structures or facility construction is proposed as part of the SWFP Revision.	MND	11/14/2006
2006101106	General Plan Amendment, Change of Zone for the 1715 South Fourth Street Project El Centro, City of El Centro--Imperial The project is a proposed general plan amendment from general commercial to high medium density residential usage; change of zone from R-1, single-family residential to R-3, multiple-family residential in order to accommodate the development of a 72-unit multi-level apartment complex.	MND	11/14/2006
2006102069	Poncia Parcel Map Waiver 2006-37 Modoc County --Modoc Richard Poncia is requesting a Parcel Map Waiver for the division of an existing parcel of 789.6 +/- acres into four resulting parcels of 98 +/- acres, 103 +/- acres, 93 +/- acres, and 495.60 +/- acres. The existing parcel is zoned as Unclassified (U) and a small portion of Agriculture Exclusive (AE) and the General Plan designation is Agriculture General (AG) for APN 017-190-07 and Agriculture Exclusive (AE) for the remainder. the purpose of the division is for eventual distribution to family members. There is an existing residence with accessory uses located on resulting parcel #3. The surrounding land uses are agriculture, rural residential uses and wildlife habitat.	MND	11/14/2006
2006102071	Kelly Cabin Canyon Complex Prescribed Burn Project at Henry W. Coe State Park Parks and Recreation, Department of Gilroy--Santa Clara The Department of Parks and Recreation proposes to administer a prescribed burn of 4,680 acres of chaparral and oak woodland over a three to five-year period. The project area is divided into three plots of 980 acres, 1,650 acres, and 2,050 acres. One plot will be burned every one to two years until all three plots have burned. Each plot will take a minimum of two days to complete, and may take several weeks depending on weather conditions.	MND	11/14/2006

2006101097	Submittal No. 2005-0046, Site Plan Review (Commercial Center) Selma, City of Selma--Fresno The project consists of the reconstruction of an existing retail commercial center at the northwest corner of the SR-99 off-ramp and east Floral Avenue with a total of approximately 22,000 gross square feet of ground floor area on 4.5 acres. The project includes site preparation and construction of a three-story, +/- 8,420 square foot 63-room motel. Included in the project is +/- 11,000 square feet of retail and commercial uses consisting of a sit-down restaurant, and combined retail and drive-thru coffee and dining services. Two auto diesel gasoline service pumps (additional canopy area +/- 1,180 square feet) are to be added to an existing remaining gasoline service station with a canopy size of +/- 2,124 square feet).	Neg	11/20/2006
2006101098	Tentative Parcel Map No. 38 / Santa Rosa Catholic Church Inyo County Planning Department --Inyo Subdivide a 238.06 acre property into parcels of 4.35 acres, 5.00 acres, and a remainder parcel of 228 acres.	Neg	11/14/2006
2006101100	Santa Rosa Creek Road at Rocky Creek Bank Stabilization Project; ED05-169 San Luis Obispo County Cambria--San Luis Obispo The project is a proposal to stabilize and rebuild an approximate 60-foot long segment of bank along Rocky Creek, adjacent to Santa Rosa Creek Road. The project involves debris removal from the creek, reconstruction of a 60-foot long section of 35-foot high creek bank to achieve a 0.5:1 slope, strategic placement of rock slope protection, and revegetation/restoration of the disturbed area. The project will result in the disturbance of an approximate 1,200 square foot area, within the County road right of way and a portion of a surrounding 80 acre parcel, in the Agriculture land use category. The project is located on both sides of Santa Rosa Creek Road, approximately 1 mile north of State Highway 46 West, east of the community of Cambria.	Neg	11/14/2006
2006101101	Caldaronello Grading Permit ED 06-073 PMT2005-03779 San Luis Obispo County Paso Robles--San Luis Obispo Request by Daniel Caldaronello to grade for a single family residence and driveway, which will result in the disturbance of approximately 13,000 square feet on an approximate 1.93 acre parcel, (400 cubic yards of cut and 300 yards of fill). The proposed project is within the Agriculture land use category, and is located at 8255 Baron Way (south side), approximately 1,320 feet west of Compere Way, approximately 6.5 miles west of the City of Paso Robles. The project is in the El Pomar-Estrella planning area.	Neg	11/14/2006

<u>Documents Received on Monday, October 16, 2006</u>			
2006101102	Macoy (Frahaz) Conditional Use Permit DRC2005-00134 San Luis Obispo County Paso Robles--San Luis Obispo A salvage and recycling center and transfer yard including: an office trailer; scale; hazardous waste materials storage; receipt of non-ferrous metal; non-ferrous hardware storage and processing; car crusher; storage of unprocessed automobiles, crushed cars, ferrous scrap piles, used vehicle parts, impounded vehicles, roll-off boxes, and transport trucks; and a diesel storage tank.	Neg	11/14/2006
2006101103	Olde Towne Nipomo Culverts Project (ED 06-048) San Luis Obispo County Nipomo--San Luis Obispo The project is a proposal by the County of San Luis Obispo Public Works Department to increase the capacity of six culverts under Burton Street, Mallagh Street, Tefft Street, and Thompson Avenue to accommodate up to 25-year storm flows in Haystack Creek, Hermrick Creek, and a tributary to Deleissigues Creek. The sites are all located within an approximate 0.5-mile area, east of Highway 101, in the Olde Towne neighborhood, in the community of Nipomo.	Neg	11/14/2006
2006101105	Hoag Health Center Use Permit Newport Beach, City of Newport Beach--Orange Newport Beach, Healthcare Center, LLC, is requesting the approval of an amendment to the existing use permit to allow: (1) the conversion of 97,000 square feet of research and development (R&D)/general office use to medical office use within the M-1-A zoning district; (2) the completion of a remodel of the project site that includes the demolition of one of the existing buildings; (3) the construction of a second parking structure; and (4) the project site to exceed the maximum building bulk limitation for the site. Project implementation will result in a reduction in the overall building area with the demolition of one of the existing buildings located at 530 Superior Avenue. Demolition of this 86,079 square foot building would leave a total gross floor area of 329,414 square feet on the project site, including the proposed 97,000 square feet of medical office use. The remaining floor area would be divided into general office totaling 136,000 square feet and research and development totaling 96,414 square feet. The project will comply with the maximum permitted floor area ratio applicable to the General Industrial land use designation and the M-1-A zoning district.	Neg	11/14/2006
2006102068	Parcel Map #06-31, W.B. & L. Orchards Tehama County Planning Department Corning--Tehama To create four parcels; two parcels of approximately 40 acres each in an EA-AP; Exclusive Agricultural - Agricultural Preserve Zoning District.	Neg	11/14/2006
2006102070	Fruitridge Vista Water Company Water System Project Health Services, Department of Sacramento--Sacramento The California Department of Health Services sent Fruitridge Vista Water Company (FVWC) Compliance Order 01-09-05-CO-002 on August 29, 2005. The Compliance Order directs FVWC to solve its capacity and low pressure problems. The capacity and pressure problems are due to groundwater contamination by methyl-tertiary-butyl-ether and perchloroethylene. The proposed project would replace Wells 1, 2, and 12 with three new wells (18, 19, and 20), construct two interties with the City of Sacramento's water system with booster pump stations	Neg	11/14/2006

	around the entire parking area of approximately 350 linear feet and paving of the existing parking area of approximately 122,500 square feet. This project will allow enforcement of the quarter midget safety rules and prevent injuries to spectators and damage to parked vehicles from motorcycles and ATV's.		
2006108161	Central Coast Motorcycle Association (CCMA) Race - Oceano Dunes State Vehicular Recreation Area (SVRA) Parks and Recreation, Department of --San Luis Obispo This CCMA race will have a maximum of 1,000 motorcycles and 500 ATVs racing against a dock on race courses laid out within the race event area. The races will take place on October 21 and 22, 2005. Approximately 1.5 miles of fencing, consisting of metal t-posts with 4 foot high orange colored plastic mesh, will be installed to delineate the event area boundary. The race courses within the event area will be delineated by plastic flags and tape on smaller diameter PVC posts. The race courses will be within a closed event area.	NOE	
2006108162	Maintenance Office Conversion - Oceano Dunes State Vehicular Recreation Area (SVRA) Parks and Recreation, Department of --San Luis Obispo This project consists of remodeling the interior of both existing maintenance office and shop buildings. The restroom facility would be remodeled to include a men and women's side with a single unisex shower facility located between the two sides. The main shop area would be remodeled to include a locker area. The project will also remodel the office space and work stations, as well as, upgrade systems including electrical, water, sewer, and phone lines.	NOE	
2006108163	2006-104 Variance for David & Audrey McElhinnie and Clifton B. & Willene M. Seavey Calaveras County Planning Department --Calaveras Variance to allow a lot/parcel to be less than minimum parcel size in an area with zoning requirements for minimum parcel sizes of one acre to accommodate a Boundary Line Adjustment. The parcel to be adjusted is between Parcel "B" and "C" (11 PM 10) at 2299 and 2323 Lake View Circle on the east side of the road in the Myers Estates Subdivision.	NOE	
2006108164	Firebaugh Beautification Project Green Trees for the Golden State Tree Planting Grant Project Forestry and Fire Protection, Department of Firebaugh--Fresno This project, to be carried out by the City of Firebaugh involves the planting of 500 trees at various locations throughout the City of Firebaugh. It is anticipated that this project will commence planting trees from July 1, 2006 through March 31, 2009. Trees will be native and non-native ornamentals that have been selected for their disease resistance, adaptation to the urban landscape, shade capacity, and minimal litter production. Trees planted will be of an appropriate container size for the location, and all trees will be planted, staked and tied, watered and maintained in accordance with the California Department of Forestry and Fire Protection's tree planting guidelines. 2004062124	Eden Area General Plan Draft EIR Alameda County Oakland, Hayward--Alameda The update will guide the unincorporated area's development and conservation through 2025. The new Eden Area General Plan will completely replace the existing General Plan, though it retains goals and policies that remain relevant, and includes a series of General Plan land use designation changes. In compliance with the CEQA, this EIR describes the environmental consequences of the draft General Plan.	EIR	11/30/2006
2006041025	Cherry Creek Residential Subdivision (Recirculation of MND) Arroyo Grande, City of Arroyo Grande--San Luis Obispo Proposal by Creekside Estates of Arroyo Grande, LLC for a Neighborhood Plan, Vesting Tentative Map and Planned Unit Development to allow for ultimate development of 75 new residential lots on 22 acres in two phases (27 in Phase I and 48 in Phase II). A total of 14 single-family residences exist within the Neighborhood Plan area (3 in Phase I and 11 in Phase II). The City is concurrently processing a Development Code Amendment to update the superseded Residential Rural (RR) zoning consistent with the Single-Family Residential - Medium Density (SFR-MD) designation of the 2001 General Plan. The purpose of the Neighborhood Plan is to coordinate street, drainage, water, sewer, agricultural buffer, and open space considerations.	MND	11/15/2006
2006102078	Tentative Parcel Map #TPM2006-0013 Yuba County --Yuba The project is a Tentative Parcel Map that proposes to subdivide two parcels, approximately 20.26 acres in size, into 4 lots. Lots would range in size from 5 to 5.22 acres. These sizes would be consistent with the ARR-5 (Agricultural Rural Residential) zoning that currently exists on the parcels. The parcels would be used for residential purposes, with a density of one dwelling unit per parcel. The project is located on Therese Trail, south of Penny Way.	MND	11/15/2006
2006101107	Delaney Specific Plan Barstow, City of Barstow--San Bernardino Adopt the Deaney Specific Plan to allow for the future phased development of up to 1,812 single family residential dwelling units.	NOP	11/15/2006
2006101108	Sun Valley Specific Plan Barstow, City of Barstow--San Bernardino To adopt the Sun Valley Specific Plan to allow for the future phased development of up to 894 single-family residential dwelling units with approximately 15 acres of commercial uses.	NOP	11/15/2006

2006101110	Fallbrook Community Airpark Airport Master Plan San Diego County San Diego--San Diego The County proposes to adopt the Fallbrook Community Airpark Airport Master Plan. The recommended development would satisfy aviation demand, community development, and other transportation modes, as well as include design corrections of major deviations from FAA airport design standards.	NOP	11/15/2006
2006101109	Front Street Hotel Morro Bay, City of Morro Bay--San Luis Obispo The proposed project would construct a six-unit hotel, associated manager's unit and seven space subterranean parking lot on a vacant lot. The hotel would be approximately 10,790 square feet and the associated parking lot would be approximately 5,943 square feet.	Neg	11/22/2006
2006101111	Energy Recovery Facility Electrical Transmission Palmdale Water District Palmdale, Unincorporated--Los Angeles The proposed project consists of installation of a turbine generator into an existing hydroelectric station building at Lake Palmdale, and installation of a buried electrical transmission conduit within an existing access road located around the lake. The objective of the proposed project is to provide supplemental (hydroelectric) power to an existing pump station used to deliver water from the Water Treatment Plant to District customers.	Neg	11/15/2006
2006101146	Lake March Bypass Pipeline Western Municipal Water District Riverside, Moreno Valley, Perris--Riverside The Lake March Bypass Pipeline alignment is located southeast of the community of Orangecrest and south of the Air Force Village West community, in unincorporated Riverside County. The pipeline alignment is located within an area formerly part of the March Air Force Base. The pipeline alignment is located within Clark Street north of Nandina Avenue and within Nandina Avenue where it will connect to an existing water pipeline. The Lake March Bypass Pipeline consists of 1,024 linear feet of 16-inch diameter pipeline. The pipeline will be installed utilizing traditional trenching techniques. Not more than 500 feet of trench will be open at a time. The expected trench width is 3.5 feet and the anticipated construction footprint width is 20 feet. Construction of the pipeline will occur within the existing roadway. The existing pipeline used for current service will be abandoned in place.	Neg	11/15/2006
2006102077	2006-94 Conditional Use Permit for Calypso Bay Property Owners Association Calaveras County Planning Department --Calaveras The applicants are requesting an amendment of a previously approved Conditional Use Permit (2000-124) to authorize facilities constructed without County approvals, consisting of a boat launch ramp, floating landing dock, gazebo and paved access to the boat ramp with about eight parking spaces for boat trailers in the Common Area Lot 294, Calypso Beach Villas Subdivision at Connor Estates. <u>Documents Received on Tuesday, October 17, 2006</u>			
2006082026	John Fryer/Lake Siskiyou Golf Resort Siskiyou County Planning Department Mount Shasta--Siskiyou The applicant requests Tentative Subdivision Map approval to allow the creation of a 0.64 acre parcel that would be held under common ownership. That parcel would contain four townhouse parcels that could be sold as separate units.	NOD	
2006082026	John Fryer/Lake Siskiyou Golf Resort Siskiyou County Planning Department Mount Shasta--Siskiyou The applicant proposes an amendment to the existing Planned Development zoning district for the Siskiyou Lake Highlands Project for the purpose of adding a 0.64 acre parcel for a four unit multi-family residential complex.	NOD	
2006091034	Fishwater Release Powerplant - Non-consumptive Water Rights Extension (Permit No. 20967) Orange Cove Irrigation District --Fresno The proposal is to extend the time period for a 30 cfs water right permit for an additional ten years. The water is presently used at the Fishwater Release Powerplant at Friant Dam to generate hydropower. In addition, the water right is proposed to be used at a new proposed powerplant that would also be constructed at Friant Dam.	NOD	
2006092092	Water Replacement Project Willow County Water District Ukiah--Mendocino Willow County Water District proposes to demolish an existing 100,000 gallon water storage tank and replace it with a new 350,000 gallon water storage tank, construct a new booster pump building, and replace the existing 8-inch steel pipeline that extends from the driveway of the residence at 201 Fircrest Drive to the new tank.	NOD	
2006109037	Ames Ranch Lots 11 & 12, TPM 20984RPL^1, P00-009M^4 San Diego County Department of Planning and Land Use --San Diego The project proposes a two-lot subdivision on 0.64 acres (TPM 20984). The project area consists of two parcels of a previously approved Tentative Map (Lots 11 & 12 of TM 5205RPL^4) and Major Use Permit (P00-009) which created twenty residential lots. Final Map 14535 was recorded showing Lots 11 and 12. Following this, a Certificate of Compliance (CC 03-0060) was recorded on July 11, 2003 to merge Lots 11 and 12 into one lot (Lot 12) to allow a larger home to be constructed on Lot 12. The home was not built and the owner has applied to recreate the original two lots. The proposed Minor Deviation (P 00-009M4) is being process concurrently with the Tentative Parcel Map (TPM 20984) to reflect the lot configuration of TM 5205 and reflect access walk and water easements that were revised with the previous consolidation. The proposed project restores what was thoroughly examined during the processing of the original subdivision and Major Use Permit. Only minor grading associated with constructing the house is required for the driveways and house pads. The access will be from one existing driveway and a proposed driveway, both from the cul-de-sac similar to the previously approved layout.	NOD

	The area proposed to be used for recovery pumping of recharged groundwater is within the Buttonwillow service area (generally southerly of Vlasnik Road) and the Maples service area. During the course of the Program, the District will continue to monitor groundwater elevations and quality and coordinate operations as described in the GSMP as well as required by the Kern Fan Monitoring Committee under the terms of the Memorandum of Understanding Regarding Operation and Monitoring of the Buena Vista Water Storage District Groundwater Banking Program.		
2006102079	Frazier Parcel Map Waiver Modoc County Alturas--Modoc Robert and Sharon Frazier are requesting a Parcel Map Waiver for the division of two existing parcels of 219.22 +/- acres and 80 +/- acres into four resulting parcels of 40 +/- acres, 66 +/- acres, 106 +/- acres, and 86 +/- acres each. The purpose is for the potential sale or transfer of some of the parcels to the owners' children. The existing parcels are zoned as Unclassified and the General Plan designation is Rural Residential.	MND	11/16/2006
2006102080	Gateway Court Village (PSUB T20060079) Placer County Planning Department Auburn--Placer Proposed nine duplex and three triplex units, with floor areas from 1,510 sf to 1,680 sf, on lots ranging in size from 1,870 sf to 3,428 sf.	MND	11/16/2006
2006102081	Brooktrails Rubber Spillway Dam Project Brooktrails Community Service District --Mendocino The Brooktrails Township Community Services District proposes the installation of an inflatable gate at the spillway of Lake Emily, the installation of a berm at the dam for dam reinforcement, construction of a small dam control building, and restoring the maximum water level at Lake Emily by 52 acre-feet.	MND	11/16/2006
2006102083	Sacramento Utility District Folsom Dam Transmission Line Relocation Sacramento Municipal Utility District Folsom--Sacramento The project consists of removing a section of the existing double circuit Orangevale-Lake/Whiterock Orangevale 230 kV transmission line and relocating the line section to the north of the proposed Folsom Bridge and road project.	MND	11/16/2006
1997071069	Lake Canyon Dam and Detention Basin Project Ventura County Flood Control District The Ventura County Watershed Protection District (VCWPD) proposes to construct and operate the Lake Canyon Dam and Detention Basin. The project would consist of an earthfill dam and detention basin. The project project would operate in conjunction with the existing Arundell Detention Basin, located immediately southwest and downstream of the project site, to detain storm flows and capture associated debris. The project would detain the peak flows that would be expected from a 100-year storm event, while releasing 76 cubic feet per second (cfs) of water into the Arundell Detention Basin. The total design storage capacity of the project would be 197 acre-feet, which is based on the 100-year storm event.	NOP	11/16/2006

2006101112	<p>City of Santa Clarita Master Case No. 06-234 / General Plan Amendment 06-006 Santa Clarita, City of Santa Clarita--Los Angeles</p> <p>No physical land development is proposed as part of GPA 06-006. This project is an amendment to the City of Santa Clarita's General Plan Open Space and Conservation Element in order to address state regulations pertaining to surface mining and reclamation. It is consistent with the Mineral/Oil Conservation Area (MOCA) overlay in the General Plan Land Use Element which is used to designate areas which have significant mineral aggregate resources and/or oil fields. GPA 06-006 identifies additional methods of buffering valuable mineral resource sites from adjacent sensitive land uses, such as residential.</p> <p>These policies pertain to land within the City that contains a Mineral/Oil Conservation Area (MOCA) overlay on the General Plan Land Use Map. According to the Land Use Element, the MOCA overlay category is used over a base land use to designate areas which have a significant mineral aggregate resources and/or oil fields. Upon adoption, the policies proposed under GPA 06-006 would become applicable to those properties.</p>	Neg	11/16/2006

	Easement will occupy 1.33 acres, 0.59 acres, 0.94 acres, and 1.47 acres of Parcels 1, 2, 3, and 4, respectively. All parcels will be on individual onsite sewage disposal systems (septic) and will receive water service from the Olivenhain Municipal Water District. Grading proposed for project implementation will occur on 3.35 acres involving approximately 2,600 cubic yards of cut and 26,000 cubic yards of fill with a maximum cut slope ratio of 1.5:1 and fill slope ratio of 2:1 and maximum height of 30 feet. Access to the project site is from Artesian Trail Road, a 30-foot wide private road easement. The project is located at the southern end of Artesian Trail in the San Dieguito Community Planning Area within an unincorporated portion of San Diego County. The project site is located within the Lake Hodges Segment of the Multiple Conservation Program (MSCP) and is within the Minor Amendment Area of the MSCP. The Land Use Regulation is RR.5 (Rural Residential). The entire project will be served by the following agencies/districts: Solana Beach School District, San Dieguito Union High School District, Olivenhain Municipal Water District, and the Rancho Santa Fe Fire Protection District.		
2006052095	Dunmore Sacramento, Jessie Avenue (P04-079) Sacramento, City of Sacramento--Sacramento The proposed project consists of entitlements to construct 184 single-family detached homes and a Neighborhood Park on approximately 26.7 vacant acres in the proposed Single Family Alternative (R-1A) and Agriculture-Open Space (A-OS) zones. Specific entitlements include: Inclusionary Housing Plan; General Plan Map Amendment to re-designate 26.7 acres from 19.2 acres of Medium Density Residential and 7.5 acres of Low Density Residential to 20.6 acres of Low Density Residential and 6.1 acres of Parks-Recreation-Open Space; North Sacramento Community Plan Map Amendment to re-designate 26.7 acres from 19.2 acres of Residential (11-29 du/ac) and 7.5 acres of Residential (4-8 du/ac) to 20.6 acres of Residential (7-15 du/ac) and 6.1 acres of Parks/Open Space; Rezone of 26.7 acres from 19.2 acres of Multi-Family (R-2A) zone and 7.5 acres Standard Single Family (R-1) zone to 20.6 acres of Single Family Alternative (R-1A) zone and 6.1 acres of Agriculture-Open Space (OS) zone; Tentative Subdivision Map to subdivide 26.7 acres into 184 single-family lots, 1 park lot, 1 landscape lot, and 1 detention basin lot in the proposed Single Family Alternative (R-1A) and Agriculture-Open Space (A-OS) zones; Subdivision Modifications; and Special Permit to develop 184 detached single-family residences on 15.3 acres in the proposed R-1A zone.	NOD	
2006082102	Amendments to the California Dept. of Food and Agriculture Milk Stabilization Plan Food and Agriculture, Department of -- The Department has proposed to change the formulas for establishing the regulated minimum prices that California milk processor's must pay to dairy farmers in California and thereby decrease the amount of money that milk processors are required to pay producers in this State. The costs of manufacturing finished dairy products such as cheese, skim whey powder, and non-fat dried milk are referred to as "make allowances." The reduced producer revenue will occur because the proposal will increase the allocation in the formulae for costs of manufacturing finished dairy products, such as cheese, skim whey powder, and non-fat dried milk. The proposed project is to increase the make allowance for these three products.	NOD

	extend to the top of the stream bank, varying between 20 and 50 feet in width, and continue along the channel approximately 100 feet upstream and downstream of the culvert. The area does not appear to support any listed or sensitive plant species and is too small to provide permanent habitat for anything other than small birds and mammals (Biological Assessment, conducted by Stantec in August 2006). All proposed work will occur during the dry season, while the stream bed is dry. No sensitive, threatened, or endangered species will be significantly impacted by the proposed project and no significant cultural resources are known to occur within the project boundaries.		
2006108227	Jack London State Historic Park Phase I Water Management Parks and Recreation, Department of --Sonoma The project will manage the water level behind the historic Jack London dam prior to winter storm events in an effort to prevent dam failure. The existing condition of the dam face consists of multiple leaks. Water level will be managed through a constructed concrete intake structure with overflow weir which will set water levels 5 feet below the top of the dam. An outflow pipe will be installed from the intake to the natural ravine just below the dam site and a turning structure will be installed to enable the discharge pipe to make the sharp turn to the east beyond the edge of the dam. The outlet of the outflow pipe will be armored with rock to dissipate outflow prior to being conveyed to the creek. An existing gate valve will be removed. The inlet structure and turning structure will be faced with rock similar to the existing historic dam rock. A temporary working pad will be placed at the edge of the lake. All rock work in the existing overflow channel will be retained. All existing features associated with the dam will be preserved in place.	NOE	
2006108228	Annadel State Park Warren Richardson and Canyon Trail Road Repairs Parks and Recreation, Department of --Sonoma Repair storm damage to Warren Richardson and Canyon Trail. Cap and outslope first 0.351 mile of the Warren Richardson Road with 6 inches of brown base rock, then grade and compact the base material. Install two low water crossings and one culvert to capture and redirect runoff above Little Steve's Trail. Replace two 2-foot diameter culverts on Canyon Trail with two 3-foot diameter culverts and repair washouts and rills along Warren Richardson and Canyon Trail extending to a point past the lake dam access road at the south-west end of the lake. Road bed washouts will be filled with brown base rock. The district archaeologist will be notified prior to any earth moving activity. Project manager will schedule work such that the district archaeologist is present during earth moving activities.	NOE	
2006108229	Emergency Temporary Repair of Line Section 111 Pipeline Washout Regional Water Quality Control Board, Region 7 (Colorado River Basin), Palm Desert --Riverside The Santa Fe Pacific Pipelines Partners, L.P., (SFPP) proposes to perform an emergency temporary repair of two exposed sections of pipeline along Line Section 111 within the San Geronio River in Riverside County. The pipelines convey petroleum products. The emergency temporary repair project will consist of the placement of K-rails surrounding the exposed pipeline sections. The K-rails will be backfilled with sand obtained from the dry river bottom. The backfilled sand will be lined with geotextile fabric. The exposed pipeline segments must be protected as soon as possible to protect the pipeline from damage from possible floodwaters within the San Geronio River, all-terrain vehicles, firearms, and	NOE

2005031131	<p>Shops at Santa Anita Park Specific Plan Arcadia, City of Arcadia--Los Angeles</p> <p>The applicant (Caruso Property Management) proposes the following development on portions of the 304-acre Santa Anita Park property: (1) an 829,250-square foot commercial, retail, and office center, arranged as a new pedestrian-oriented Main Street, to be constructed on the southern parking lot of the property; (2) demolition of the existing Saddling Barn and south ticket gates, and construction of a replacement Saddling Barn in the Paddock Gardens, to the west of the existing Kingsbury Memorial Fountain; (3) modification of the western portion of the existing Santa Anita Park Grandstand to accommodate construction and operation of an approximately 98,000 sf Simulcast Center; (4) a 1.4-acre landscaped open space area linking the existing Paddock Gardens with the proposed new commercial, retail, and office center; (5) a 3.5-acre water feature located within a 7.5-acre landscaped open space area at the southern end of the property; (6) improvements to vehicle and pedestrian access, parking, infrastructure, and other ancillary facilities throughout the property, as well as off site, to support the development, which will result in the demolition of four structures in the stable area; and (7) a new wireless electric trolley traveling on fixed rails between the expanded Paddock Gardens at the north end of Main Street and the water feature and promenade at the south end of Main Street.</p>	EIR	12/06/2006
2005121013	<p>Palmwood Desert Hot Springs, City of Desert Hot Springs--Riverside</p> <p>The project is a Specific Plan that proposes mixed-use residential/commercial/hotel/golf development in unincorporated Riverside County near the City of Desert Hot Springs. The DEIR addresses the annexation by Desert Hot Springs of the Palmwood project area (1,766 acres) and an additional outparcels area (160 acres). The 1,926 acre project site is located along both sides of Highway 62 northwest of Desert Hot Springs' current city limits. Indian Avenue traverses the site. Access to the site will be from these adjacent and through roadways. The project also includes the development of the local street system, private park space, other public facilities, and well sites.</p>	EIR	12/06/2006
2006041110	<p>Cornuts Annexation Project Greenfield, City of Greenfield--Monterey</p> <p>The proposed project involves the annexation of approximately 51 acres from unincorporated Monterey County into the City of Greenfield. The proposed project would expand the City limits in accordance with the City of Greenfield Sphere of Influence (SOI), and create a logical boundary adjustment to the City.</p>	EIR	12/06/2006

2006062061	Diamond Plaza Condominiums Roseville, City of Roseville--Placer The project proposes to change land use designations to allow development of multi-family residences.	EIR	12/07/2006
1998052052	Pacific Herring Commercial Fishing Regulations Fish & Game Commission -- The proposed project is a body of proposed regulations governing the commercial harvest of herring-for-roe products, the harvest of herring eggs-on-kelp, and the harvest of herring as fresh fish, for bait, and pet food. The proposed project takes the form of recommendations for continuation, amendment, or change to an existing body of regulations in effect since December 2005.	FIN	
2003111016	Pitkins Curve Caltrans #5 --Monterey Caltrans is proposing long-term improvements to the reliability and safety of Highway 1 at the Pitkins Curve/Rain Rocks location, which has a history of slope instability and costly road closures. The project is located near Lucia and Limekiln Creek on the Big Sur coast highway between postmiles 21.3 and 21.6. Significant impacts to the project area's visual qualities are anticipated as a result of the project.	FIN	
2005111109	The Plaza at Imperial Valley El Centro, City of El Centro--Imperial The proposed project consists of the development of approximately 350,000 square feet (s.f.) of commercial retail space, divided into individual retail stores varying in size from approximately 6,400 s.f. to 48,100 s.f. Approval of a General plan amendment and zone change by the City of El Centro would be required to allow development of the commercial retail center.	FIN	
2006101131	Big Rock Creek Reclamation Plan, Surface Mining Permit No. 03-325 Los Angeles County Department of Regional Planning --Los Angeles A Surface Mining Permit application to amend previously approved Reclamation Plan under SMP 88-126 and IMP 95-064 for an existing vested surface mining operation. The amendment includes: (1) removal of the previously reclaimed "Phase 1" area from the project boundary and amendment of drainage plan; (2) removal of mining, processing and shipping equipment upon mining cessation; (3) reclamation of loading area of the adjacent rail loading facility, which is within the Union Pacific right-of-way (i.e., removal of structures and equipment used in the facility and reclaiming the site) as part of the amended mining reclamation plan; (4) update and revision of the revegetation plan based on reclamation experience from "Phase 1" area; (5) finish grading of project slopes with installation of necessary drainage improvements; and (6) change of the proposed reclamation end use from "open space, recreation, or industrial storage," as approved in SMP 88126 to "open space/native habitat." 2006101137	Meadowlark Reservoir Storage Capacity Project Vallecitos Water District San Marcos--San Diego A project at Meadowlark Reservoir, which is owned and operated by the Vallecitos Water District, is proposed to increase water storage capacity at the reservoir. The tank which will be removed was built in 1962 and the new tanks are proposed to add capacity needed to meet the future demand as outlined in the 2002 approved Master Plan. The project proposes phased improvements that include: 1) near-term construction of a new 2.8 MG capacity tank (Tank No. 3) west of existing Tank No. 1; 2) demolition of the existing 1.25 MG capacity Tank No. 1; 3) refurbishment of the existing 2.75 MG capacity Tank No. 2 (after 2007); and 4) future construction of a new 2.8 MG capacity tank (Tank No. 4) as needed.	MND	11/21/2006
2006102097	Winters General Plan Amendment/Zone Reclassification Application Humboldt County Community Development Services --Humboldt A General Plan Amendment from Timber Production (T) to Agricultural Suburban (AS) and Zone Reclassification, through an immediate rezone, from Timberland Production Zone (TPZ) into Agriculture General (AG). The amendments affect six parcels ranging in size from 1.5 to 10 acres. The parcels are in an area already developed with rural residential uses to the east, west and south, and the amendments would maintain a stable boundary between resource and rural residential uses.	MND	11/21/2006
2006102098	Peckham Tentative Subdivision Map (P-04-56) Trinity County Planning Department --Trinity Further division of a parcel from the applicant's earlier subdivision to create parcels 19 and 20 of the River Bend Acres Subdivision.	MND	11/21/2006
2006102101	Bar-or Subdivision, Coastal Permit, Lot Line Adjustment, Use Permit Marin County --Marin The applicants are seeking approval of a 5-unit subdivision. The proposed Lot Line Adjustment would transfer approximately 4,356 square feet (0.10-acre) from APN 119-140-38 to 119-182-02, resulting in an adjusted lot area of 5.41 acres for APN 119-182-02. APN 119-182-02 would then be divided into five separate lots. The Use Permit would designate either proposed Lot 1, 4, or 5 for construction of 2 residences, one of which would be restricted to an affordable rental unit in order to meet the County's inclusionary housing requirements. The applicants propose construction of an on-site individual septic system on each of the five lots.	MND	11/21/2006

	Tentative Map. The two parcels (APN 408-180-010 and 408-170-072) are being proposed for the development of a residential subdivision with 370 residential units: 120 - 2-story townhomes, 110 - 2-story cluster homes, and 140 condominiums (both 1 and 2 stories). Of these, 57 units would be affordable units. All parking would be onsite. A total of 6.7 acres of open space/park area is proposed. The project also includes an annexation into the West County Wastewater District.		
2006101130	Fox Plaza Riverside, City of Riverside--Riverside The Fox Plaza Project entails the redevelopment of approximately 4.9 acres in downtown Riverside. The proposed activities include the acquisition and relocation of existing uses, the demolition of existing structures, and the development of a mixed-use urban scale project consisting of up to: 45,039 square feet of restaurant and retail space; 354 residential condominium units; 106 live/work loft units; a hotel containing 120 rooms, and 1,122 parking stalls located within subterranean parking structures and surface parking lots.	NOP	11/21/2006
	Phase I will include the construction of retail space, restaurant space, recreation areas, the hotel, 160 condominium units, and 14 live/work units. In addition, Phase I will include the construction of retail space, restaurant space, recreation areas, 194 condominium units, and 92 live/work loft units, as well as the construction of parking structures to include 568 parking spaces.		
2006101132	Ontario Wal-Mart Supercenter Ontario, City of Ontario--San Bernardino The proposed project would involve the demolition of existing on-site structures that are currently not in use and the construction of an approximately 190,803 square foot building on the western portion of the site, with parking areas on the eastern portion. The proposed Wal-Mart Supercenter would include a general store, a grocery, the sale of alcoholic beverages, a game arcade, banking services, and an outside garden center. Infrastructure and street improvements would also accompany the project.	NOP	11/21/2006
1992052019	Burrtec Material Recovery Facility and Solid Waste Transfer Station Expand to 7500 Tons Daily San Bernardino County Land Use Services Department Fontana--San Bernardino The proposed project is a revision to an existing land use permit to expand an approved Material Recovery Facility (MRF) and transfer station to a maximum total of 180,000 sq. ft. and to increase the peak tons per day accepted of the MRF from 5,000 to 7,500 tons per day on 29.2 acres. The revised project proposal recognizes the existing buildings that include a total of 140,064 sq. ft. (MRF, transfer station, office, modular office, scale houses, and maintenance buildings). In addition, the main transfer/MRF building is proposed to be expanded by an additional 41,037 square feet. This expansion will result in the removal of the existing 1,180 modular office located at the southeast corner of the transfer/MRF building. As proposed, the total project building square footage will be 179,921 square feet.	Neg	11/21/2006

The site is subject to the General Plan Regional Category Country Town and Land Use Designation Residential. Zoning for the site is RS7 - Single-Family Residential. The site contains an existing residence that would be retained. Access would be provided by a private road connecting to Elder Street. The project would be served by sewer and imported water from the Fallbrook Public Utility District. Approximately 450 feet extension of sewer and 700 feet of water utilities will be required by the project. Earthwork will consist of cut and fill of approximately 1300 cubic yards of material.	NOD	
2006109053	Knoll Creek Project Fish & Game #2 Vacaville--Solano The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement number 1600-2006-00105-R2 pursuant to Section 1602 of the Fish and Game Code to the project applicant, Private Islands Homes, Inc. Residential development involving permanent fill of approx. 285 linear feet of drainage, as described in Notification 1600-2006-0105-R2.	NOD	
2006108230	Walnut Grove Emergency Force Main Repairs Sacramento County Dept. of Environmental Review --Sacramento CSD-1 discovered a break in the sewer line crossing the Sacramento River in the town of Walnut Grove. The sewer line is a 6-inch diameter force main which transports approximately 60,000 gallons per day of sewage from the west to the east side of the Sacramento River. The line break is on the bottom of the river near the east side of the river near the levee. It is estimated that 200,000 gallons of raw wastewater spilled into the Sacramento River over a 3-day period. CSD-1 will be performing a temporary repair to a broken sewer pipe within the Sacramento river. A more modern and permanent solution will be investigated. Any future project will be subject to further CEQA review.	NOE

	biking to schools, parks and basic commercial and retail needs. The Avenue Specific Plan proposes a variety of housing types and neighborhoods that will be affordable to a broad and diverse array of families and homeowners.		
	2. An amendment to the City of Ontario General Plan to: (i) modify the boundaries of Subarea 18 within the New Model Colony (NMC) to include portions of Subareas 12 (~ 63 acres), 17 (~ 134 acres), and 23 (~ 43 acres) and (ii) clarify the ambiguity that exists in the NMC General Plan between the permitted residential density set forth in the Land Use Plan, which allows for 4.6 dwelling units per gross acre, and the Development Capacity, which allows 2,059 dwelling units in the modified boundaries of Subarea 18. The General Plan will permit development of the 2,326 dwelling units proposed by The Avenue Specific Plan.		
	3. Cancellation of Williamson Act Contracts.		
	4. Relocation of certain above ground electrical transmission and distribution lines owned by Southern California Edison Corporation (SCE).		
	5. The approval of various development agreements between builders and/or landowners that own or control areas covered by The Avenue Specific Plan.		
	6. Tentative Tract Maps may also be processed concurrently with The Avenue Specific Plan and the other related project entitlements.

2006108270	Knisley Residence Fish & Game #3 Martinez--Contra Costa The project involves installation of an erosion control blanket and retaining wall. Issuance of a Streambed Alteration Agreement Number 1600-2006-0589-3 is pursuant to Fish and Game Code Section 1602.	NOE	
2006108271	Mill Creek Diversion Structure Repair Fish & Game #3 --Sonoma The proposed project consists of the repair and restoration of existing water diversion structures on Mill Creek, tributary to Sonoma Creek. The diversion structures were damaged by the 2005-2006 winter storms. The project includes the excavation and removal of accumulated sediment from 250 to 450 feet of the stream channel. The removed material will be screened and placed in a row of gabion wire baskets along the west bank of the stream to provide long-term bank protection and to reduce the need to export material from the canyon. The existing bypass culvert will be re-exposed and cleaned out so that it can once again carry stream flows around the pipeline support columns. A line of one-ton rocks will be placed along the outer edge of the gabion baskets to protect the wire baskets from erosion and abrasion. The gabion structure will also be covered with a layer of soil and channel bed material to improve the chance of revegetation. An old, no-longer functional, diversion structure located just upstream of the current diversion structure will be partially removed to allow better sediment and debris transport through the stream. A portion of this structure will be left in place to maintain the stability of the stream bed. Issuance of a Streambed Alteration Agreement Number 1600-2006-0654-3 is pursuant to Fish and Game Code Section 1602.	NOE	
2006108272	Sediment Removal Fish & Game #3 --Alameda The project involves removal of accumulated sediment from the dry creek bed in order to alleviate potential flooding. Issuance of a Streambed Alteration Agreement Number 1600-2006-0760-3 is pursuant to Fish and Game Code Section 1602.	NOE	
2006108273	Watson Bank Repair on Dutch Bill Creek Fish & Game #3 --Sonoma A 110-foot long wooden retaining wall, which protects a house along Dutch Bill Creek, failed during the winter storms of 2005-2006. The wooden retaining wall will be replaced with a sheet pile wall and loose rock rip rap at the same location. Issuance of a Streambed Alteration Agreement Number 1600-2006-0770-3 is pursuant to Fish and Game Code Section 1602.	NOE	
2006108274	Orinda Community Park Fish & Game #3 Orinda--Contra Costa The project includes reconstruction of an existing headwall, abandoning the existing corrugated metal pipe and installing a new HDPE pipe in a new alignment. 2006108289	Lindquist Culvert Repair Project Fish & Game #2 Ione--Amador The Lindquist Culvert project, involving the repair of one 18" culvert and driveway and installation of a second 18" culvert between 8391 and 8431 Mace Lane, Ione, as described in Notification 1600-2006-0330-R2 and letter of 9/26/06.	NOE	
2006108290	Leasing of New Modular Trailer at North Kern State Prison (NKSP) Corrections and Rehabilitation, Department of Delano--Kern This project involves installing a newly built modular trailer to provide space for an Office of Substance Abuse Treatment Program. The modular trailer will provide approximately 4,899 square feet of office, treatment and program space for treatment of existing inmates. Existing staff at NKSP will work at the SATU. The modular trailer will be constructed off-site and installed by contract staff or by inmate day labor staff. CDCR will lease the facility for several years and will eventually purchase the modular unit. There is adequate capacity available for electricity, water, gas, wastewater, and refuse removal services to meet the needs of the project.	NOE	
2006108291	Safe Routes to School - Crowell Drive Elk Grove, City of Elk Grove--Sacramento The proposed project would include the following improvements to Crowell Drive (between Bond Road and Fife Ranch Road): - Stripe street centerline - Stripe and mark bicycle lanes on street - Construct curb extension at Elk Grove Elementary School The proposed project would also involve the following activities: - Prepare a Safe Route to School map - Safe Routes to School training for parents and school administrators	NOE	
2006108292	Visitors Barriers Ropes and Gate - Sugar Pine Point State Park Parks and Recreation, Department of --El Dorado Install ropes across the interior doors in Pine Lodge (Ehrman Mansion) at Sugar Pine Point State Park. Ropes will provide visitors with the opportunity to view the interior of the rooms they are not allowed to enter. A new gate will be installed across the staircase to the third floor to keep visitors from entering and will allow light to filter into the second floor hallway. The new staircase gate replaces a previously existing solid hatch covering across the stairway. Installation of the rope barriers completes the process of replacing once existing wooden fences which were used to bar visitors from entering rooms. Where possible, rope installation will utilize holes left in the door jambs by the removal of the wooden gates. One additional hole may be drilled for installation when necessary.	NOE	
2006108293	Lake Perris Entrance Trail (06/07-IE-9) Parks and Recreation, Department of --Riverside A pedestrian trail will be constructed along Lake Perris Drive to provide safer access to the park for local residents.	NOE

	noted above. The project will be completed in five phases. 5. A Tentative Subdivision Map to divide said 53 acre site into 13 parcels, 4 parcels for private schol and 9 parcels for residential use. 6. A Special Development Permit to allow the proposed residential parcels tp be accessed via a private road.		
2005012101	Alternative Intake Project Contra Costa Water District Brentwood--Contra Costa, San Joaquin Construction of a new intake and fish screen at a site along the lower third of Victoria Canal (in the south-central part of the Delta), a pumping plant, and an associated pipeline across Victoria Island from the new intake to CCWD's Old River conveyance system on Byron Tract. The project purpose is to protect and improve the quality of water delivered to CCWD's untreated- and treated-water customers. Key objectives are: improve delivered water quality, especially during drought periods; protect and improve health and/or aesthetic benefits to consumers; improve operational flexibility; and protect delivered water quality during emergencies. The project would not increase CCWD's total Delta diversion capacity (rate or annual quantity), but would change the location (and quality) of existing diversions.	FIN	
2006101154	Elementary School #8 Yucaipa-Calimesa Joint Unified School District Yucaipa--San Bernardino The construction and operation of a new 850-student elementary school. The school would contain 35 classrooms, a multi-purpose room, a library, and a kitchen, totaling approximately 57,000 square feet. Outside amenities would include a large turf play area, including a baseball diamond and a soccer field. A hardcourt area would include five basketball courts.	MND	11/27/2006
2006101156	GPA00812, CZ07129, TR33228 Riverside County Planning Department --Riverside Circulation General Plan Amendment No. 812 is a proposal to amend the San Jacinto Valley Area Plan Circulation Element of the Riverside County Integrated Plan by reducing the designation of approximately 1 mile of Newport Road between State Street and Girard Street from a Secondary Highway - 100' Right-of-Way (ROW) to a Collector - 74' ROW and to reduce the designation of approximately 1.2 miles of Girard Street between Newport Road and Gibbel Road from a Secondary Highway - 100' ROW to a Collector - 74' ROW. Change of Zone No. 7129 is a proposal to change the current zoning classification of the project site from Residential Agricultural - 2.5 acre minimum (R-A-2.5) to One Family Dwellings - 20,000 square foot minimum (R-1-20,000). Tentative Tract Map No. 33228 is a Schedule "B" proposal to subdivide 73.89 acres into 96 residential lots with 20,000 sf minimum, 2 detention basins (Lot A and Lot B), and 1 drainage channel. 2006092013	Lake Del Valle Spillway Vegetation Removal Project Water Resources, Department of Livermore--Alameda DWR intends to clear the center 1/2 of Arroyo Valle channel (approximately 50 feet of the 100 foot width) of accumulated vegetation for a distance of 500 feet from Lake Del Valle dam spillway pool. DWR will also undertake annual or biannual maintenance of the cleared portion of the channel to remove new vegetation growth in center section of the channel to insure the continued adequacy of flow regimes. No sediment will be removed.	NOD	
2006092013	Lake Del Valle Spillway Vegetation Removal Project Water Resources, Department of Livermore--Alameda The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement pursuant to Section 1602 of the Fish and Game Code to the project applicant, DWR. DWR proposes to remove a maximum 50-foot width of vegetation from the approximate center of the Arroyo Valle channel. Vegetation removal will begin approximately 370 feet from the dam face and will extend approximately 500 feet downstream. The area of vegetation removal is approximately 0.6 acre. Vegetation will be removed by using hand tools. DWR will trim several large trees located at the outfall of the DWR water supply gate on the bank of the Arroyo Valle Channel. Once vegetation is removed, the same area will be cleared of vegetation in the same manner yearly. Removed vegetation will be used to create "brush piles" habitat in the adjacent upland area or chipped and hauled away.	NOD

	<p>a disinfectant residual in the distribution system. The proposed project includes the removal of the existing gaseous ammonia system at the Patterson Pass Water Treatment Plant (WTP) and replacement with an aqua (or liquid) ammonia system (using a 19 percent ammonia solution). The existing gaseous ammonia delivery components are near the end of their service life and the proposed project is intended to replace the existing system in order to improve the reliability of plant operations and employee and public safety. New facilities proposed under the project include an aqua ammonia tank and storage building, a chemical fill station and underground containment structure, and two additional feed lines. No substantive changes in treatment plant capacity or operation are anticipated as part of the proposed project.</p>		
2006102122	<p>General Plan Amendment GP 06-01; Rezone Z 06-03; Use Permit UP 06-06 (Drive-Through Coffee Kiosk) Shasta Lake, City of Shasta Lake--Shasta</p> <p>The proposed drive-through coffee kiosk would be 476 square feet with two drive-through windows and a center walk-up window as indicated on the site plan. Drive-up windows will serve vehicles entering from Shasta Dam Boulevard and also front Front Street. The project site for the coffee kiosk is approximately 7,700 square feet. The project includes a General Plan Amendment and Rezone from Public Facilities (PF) to City Center Commercial (CC) for the entire block, located generally south of Front Street, north of Shasta Dam Boulevard, east of Median Avenue and west of Grand River Avenue.</p> <p>The purpose of the City Center Commercial (CC) District is to provide for municipal and social services integrated with recreation, open space and commercial uses in the acknowledged physical center of the City. Under the Public Facilities zoning district, existing businesses are considered legal non-conforming uses and additional commercial use of the properties would be prohibited. In addition, if the existing buildings were damaged for any reason more than 75% of the appraised value at the time of such damage, the buildings and uses could not be reestablished with commercial uses. The CC zoning district would accommodate existing and future commercial uses and would also accommodate any future park expansion that may be determined desirable by City Council. The CC district is consistent with surrounding zoning and uses. The entire project site consists of approximately 1.47 acres of which approximately 0.36 acre remains vacant.</p>	MND	11/27/2006

	RM-3 and to change heights within the site from 40 to 200 feet. An Executive Park Residential Special Use District is proposed with the Subarea Plan area. The project proposes to change the zoning within the site from C-2 to RM-3 and to change heights within the site from 40 to 200 feet up to 40 to 240 feet. An Executive Park Residential Special Use District is proposed that would set controls on use, density, affordable housing, building, design, off-street parking, and permit review. Traffic improvements proposed with the Subarea Plan amendment include reconfiguration of the existing intersection of Alana Way, and Thomas Mellon Drive to create two separate 90-degree intersections at Harney Way as a waterfront boulevard. The environmental review will also include analysis of the potential impacts from two presently proposed development projects for this area, which would eliminate the existing 320,000 square feet of office space and construct up to 1600 residential units.		
2006101161	La Crescenta-Montrose Zoning Study Los Angeles County Department of Regional Planning --Los Angeles The proposed zone changes, Plan Amendment, and Community Standards District (CSD) ordinance would correct irregularities in the community's zoning pattern, limit multi-family development in areas where it is inappropriate, ensure that the zone changes would be consistent with General Plan designations, and establish new development standards and design guidelines for future multi-family development.	Neg	11/27/2006
2006101164	Acquisition of United States Department of Defense Tank Farm Norwalk, City of Norwalk--Los Angeles A request to acquire an approximately 50 acre parcel of land, which contains contaminated soil, from the United States Department of Defense for expansion of an existing park and future development with commercial and industrial uses. 2006091078	<p>City of Gardena Municipal Code and Zoning Map Amendment to Conform to the General Plan 2006</p> <p>Gardena, City of Gardena--Los Angeles</p> <p>The proposed project is the update of the City's Municipal Code and Zoning Map to reflect the recently adopted General Plan 2006 policies. As required under California State law, Title 18 of the City's Municipal Code (Zoning Ordinance) must conform to the General Plan. The Zoning Ordinance serves as the primary implementing tool in achieving the goals, policies and land uses designated in the General Plan. It identifies the specific uses and conditional uses permitted in each zone and establishes development and performance standards. Further, the proposed Zoning Ordinance introduces Mixed-Use Overlay development standards, design/landscaping standards and nonconforming provisions consistent with the General Plan. The Zoning Map is also amended to correspond to the land use designations in the General Plan 2006. In addition, the project proposes to amend Title 8 of the City's Municipal Code (Health and Safety) to include a Noise Ordinance that would control unnecessary, excessive and annoying noise and vibration in the City consistent with the Noise Plan of the General Plan 2006.</p>	NOD

2006102138	<p>East Sunnyvale Industrial-to-Residential Project Sunnyvale, City of Sunnyvale--Santa Clara</p> <p>The proposed project consists of two components: (1) a General Plan amendment to change the land use designation on the site from Industry to Industrial-to-Residential and a rezoning on the site from M-S (Industrial and Service) to M-S Industrial-to-Residential (combined with the appropriate residential zoning); and (2) two specific residential development projects on portions of the site. The proposed GPA and rezoning would allow residential land uses on the site, in addition to the existing and allowed industrial uses listed under the M-S (Industrial and Service) General Plan designation and zoning. Commercial uses could be considered with a Special Development Permit.</p>	EIR	12/14/2006
2004062064	<p>Northwest Specific Plan and Faria Preserve Community San Ramon, City of San Ramon--Contra Costa</p> <p>The Northwest Specific Plan (NWSP) provides the vision for creating a balanced community composed of public facilities, open space, and residential neighborhoods within an overall 354-acre planning area. The plan provides guidance for the development of up to 830 single and multiple-family residential units emphasizing affordable housing opportunities, accommodation of important public facilities, and preservation of open space amenities. The Plan integrates open space, public trails, and wildlife habitat enhancement amenities with the development of a community park, a house of worship, an educational use facility, and five residential neighborhoods with densities ranging from 1.5 units per acre, to just over 40 units per acre. Overall, the Plan furthers a wide range of General Plan policies, including preserving at least 75% of the site area for public amenities and open space uses. The Faria Preserve Community is a combination of community facilities, 786 residential units, and substantial protected open spaces proposed within the Northwest Specific Plan Area. The Faria Preserve Community comprises the majority of the Northwest Specific Plan Area and implements the various amenities, objectives, and goals set forth in the NWSP, including those identified above.</p>	FIN	
2005072125	<p>Tivoli Specific Plan Project Modesto, City of Modesto--Stanislaus</p> <p>The proposed project provides for the consideration and adoption of a Specific Plan to act as a guide for the future mixed-use development of a 454-acre area known as the Tivoli Specific Plan. The Tivoli Specific Plan would include about 286 acres of residential land use designation, totaling 3,241 residential dwelling units, 14 acres of neighborhood-serving commercial, 6 acres of general commercial, 67 acres of regional-serving commercial, 2 acres of professional office space, a 14-acre elementary school site, about 30 acres of parks and open space, 4 acres of public infrastructure, and about 31 acres of interior collector roadways within the Specific Plan area. The project also includes provisions to improve existing traffic and circulation conditions, with construction of new arterial and collector streets for better vehicular circulation and linkages to the existing circulation system and transit services.</p>	FIN

2006101176	Happy Camp Canyon Channel Improvement Project Ventura County Watershed Protection District Moorpark--Ventura The project is composed of the construction of a new earthen drainage channel within Happy Camp Canyon, and improvements to the concrete apron linking the proposed earthen channel to the existing concrete-lined channel. Excavated earth material would be stockpiled nearby for use by the adjacent Rustic Canyon Golf Course.	MND	11/29/2006
2006104003	Complex 2030 - Stockpile Stewardship & Management Energy, Department of Livermore--Alameda Analyze the environmental impacts from the continued transformation of the U.S.'s nuclear weapons complex. Proposed action to continue currently planned modernization activities and select a site for a consolidated plutonium center for long-term research and development, surveillance, and pit manufacturing, consolidate special nuclear materials throughout the complex... Several facilities will be analyzed in the SEIS including Lawrence Livermore National Laboratory.	NOI	01/18/2007
2006101171	Master's College Master Plan and Tentative Tract Map 66503 Santa Clarita, City of Santa Clarita--Los Angeles This initial study has been prepared for the compilation and implementation of a Master Plan for the Master's College, associated land use designation amendments and tentative tract map for the creation of lots of land owned by The Master's College.	NOP	11/29/2006
2006101172	Orange Coast Memorial Medical Center Fountain Valley, City of Fountain Valley--Orange The proposed project involves improvements at the existing Orange Coast Memorial Hospital campus over three phases. Phase I (PCP Building Phase) involves the demolition of four buildings and construction of a 162,500 sq. ft. six-story medical building, pedestrian overpass, loading dock, surface parking lots and landscaping. Phase II (Emergency Department Expansion Phase) would involve construction of a 5,000 sq. ft. addition to the emergency department at the hospital and reconfiguration of the emergency vehicle circulation and parking. Phase III (Parking Structure Expansion Phase) would involve demolition of surface parking and landscaped areas, and construction of a parking structure expansion and additional surface parking. The project also includes several discretionary actions including a General Plan Amendment, a Zone Change, and a Specific Plan, Precise Plan, Tentative Parcel Map and a Development Agreement.	NOP	11/29/2006
2006101173	Corral de Piedras Land Co Conditional Use Permit San Luis Obispo County San Luis Obispo--San Luis Obispo The purpose of the expansion is to improve and expand all aspects of the facility operations including adding increased waste diversion and disposal capacity. Enlarge the enclosed MRF operation and increase capacity from 120 tons per day (tpd) to 400 tpd. Increase the compost operation from 300 tpd to 450 tpd. Enhance RRP and C&D diversion. Expand the landfill footprint from the current 88 acres to 134 acres.	NOP	11/29/2006

2006102136	Sacramento 8-Hour Ozone Attainment Demonstration and Reasonable Further Progress Plan Sacramento Metropolitan Air Quality Management District --Sacramento, Yolo, Placer, El Dorado, Solano, Sutter The Sacramento Federal Non-Attainment Area (SFNA) is classified as a "serious" ozone attainment area for the federal 8-hour ozone standard. Therefore, the air districts within the SFNA are preparing an 8-Hour Ozone Attainment Demonstration and Reasonable Further Progress Plan to meet the federal 8-hour ozone standard by the target dates.	NOP	11/29/2006
2006102137	Dumbarton Rail Corridor Project Peninsula Corridor Joint Powers Board San Carlos--San Mateo The Dumbarton Rail Corridor Project proposes a rail extension across the southern part of the SF Bay to provide commuter rail service between the Peninsula and the East Bay by primarily rehabilitating and reconstructing rail facilities on existing alignment and right-of-way from Redwood City, San Mateo County to Union City, Alameda County. Service will consist of six trains per weekday, originating in Union City in the morning peak period across the DRC Rail Corridor to connect with Caltrain in Redwood City and returning in the evening peak period.	NOP	11/29/2006
2006101168	PA05-0077 (Tentative Tract Map No. 31206), PA05-0078 (Change of Zone) and PA05-0079 (General Plan Amendment) Moreno Valley, City of Moreno Valley--Riverside A proposal for a tentative tract map and pre-zoning to subdivide a 64.7 acre parcel of land into 23 single-family residential lots within an area primarily located outside of the city limits. The applicant is proposing to expand the Moreno Valley Sphere of Influence and annex the project into the city.	Neg	11/29/2006
2006101169	GPA/ZC 06-0940; Mt. View Bravo Project Bakersfield, City of Bakersfield--Kern The project proposes a General Plan Amendment from GC (General Commercial) to LR (Low Density Residential) on 37.74 acres and a Zone Change from C-2 (Regional Commercial) to R-1/PUD (One Family Dwelling/Planned Unit Development) on the same 37.74 acres. In addition, the project proposes a Zone Change from R-1 to R-1/PUD on 9.51 acres on the northeast portion of the project site. The proposal includes the development of approximately 145 dwelling units on the site. The project site is located on the north side of Hwy. 178, east of what will become Vineland Road, south of the City Hills Drive and west of Canteria Drive. The site is vacant and contains primarily non-native grassland vegetation. No known agricultural production has occurred on the project site.	Neg	11/29/2006
2006101170	GPA/ZC 06-1037 Bakersfield, City of Bakersfield--Kern General Plan Amendment from UER (Urban Estate Residential) to SR (Suburban Residential) on approximately 11.5 acres and LR (Low Density Residential) on approximately 8.5 acres. Zone Change from A (Agricultural Zone) to E (Estate One-Family Dwelling Zone) on approximately 11.5 acres and R-1-CH (One-Family Residential Zone-Church Combining Zone) on approximately 8.5 acres. The proposal includes annexation of the site into the City of Bakersfield and the	Neg	11/29/2006

	development of a church and up to 26 single-family residential units within the approximately 20-acre project area.		
2006101174	Enhanced In Situ Bioremediation of Chlorinated Solvent Plume at Operable Unit 24, Naval Air Station, North Island Toxic Substances Control, Department of Coronado--San Diego DTSC is proposing to approve a draft Removal Action Workplan (RAW) pursuant to authority granted under Chapter 6.8, Division 20, California Health and Safety Code (H&SC). The RAW proposes groundwater treatment using enhanced in situ bioremediation of the chlorinated solvent plume at Operable Unit (OU) 24, Naval Air Station, North Island.	Neg	11/29/2006
2006101175	Coffee Classics CUP 2006-0194 (Drive Through Coffee) Atascadero, City of Atascadero--San Luis Obispo The proposed project consists of an application for a Conditional Use Permit for a drive-through and pedestrian walkup commercial coffee shop located on 0.24 acres. This site is currently vacant. The proposal includes a 346 square foot building with four parking spaces (including one handicap space) and a drive-through facility with two windows located on the same side of the building. The project is designed around a Chevron easement located at the front of the property which contains four currently unused pipelines. Frontage improvements are proposed per Cal Trans and City standards.	Neg	11/29/2006
2006102134	PA-0600521, Delicato Use Permit San Joaquin County Community Development Department Manteca--San Joaquin Use permit application to expand an existing winery. The expansion consists of a 60,000 square foot warehouse and a 3,440 square foot canopy.	Neg	11/29/2006
2006102135	EDH CSD Park & Recreation Facility Master Plan El Dorado Hills Services District --El Dorado The 2006 El Dorado Hills Community Services District Park and Recreation Facilities Master Plan (PRFMP) is intended to be a guide for effective and responsive park and recreation facility development. Initiated in Summer 2005, the PRFMP identifies current and future recreation needs and based on those needs, the PRFMP Update proposes guidelines, policies, standards and strategies for building new parks, improving existing parks, recreation facilities and programs. Therefore, the environmental analysis has been conducted on a programmatic level. As a planning document, no physical changes to the environment are proposed. Implementation of the plan, as individual projects are identified, will however be subject to subsequent environmental review and documentation on an individual project-specific basis.	Neg	11/29/2006
2006102139	Amended Reclamation Plan for Sperbeck Quarry Mining and Geology Board, Department of Conservation --Yuba The project is an amended reclamation plan pursuant to California's Surface Mining and Reclamation Act of 1975 for the Sperbeck Quarry. The mine site will be reclaimed to grazing land with a stock pond to blend with the surrounding landscape using native plants for revegetation.	Neg	11/30/2006

2006031114	Glendale Narrows Riverwalk Project Glendale, City of Glendale, Los Angeles, City of--Los Angeles The Parks, Recreation and Community Services Department is proposing to develop a recreational trail with an entry park located along the north bank of the Los Angeles River in a County Flood District maintenance easement and in the City of Glendale's Victory Truck Boulevard easement. The improvements include a paved pedestrain walkway, vehicular parking area, equestrian exercise area, drinking fountain, and landscaping.	NOD	
2006072012	Big River Watershed Restoration - Proposition 40 River Parkways Grant Project Parks and Recreation, Department of --Mendocino The proposed project would replace failing culverts at Class II and Class III stream crossings with bridges, remove accumulated sediments and road fill prisms from stream crossings, construct armored fords at Class II and Class III stream crossings, partially restore historic topography and native vegetation on former logging roads (road decommissioning), and convert roads to trails. The project will also delineate parking areas, a boat launch ramp, and driving surfaces within the existing west-end entry area to the Big River unit, accessed from State Highway 1, and construct a vault-type restroom building in the entry area outside the 100-year floodplain. Standard parks signs and a Proposition 40 acknowledgement sign will also be installed as part of the this project.	NOD	
2006081089	Longbow, LLC Ace Prospect Division of Oil, Gas, and Geothermal Resources Bakersfield--Kern Proposes activities necessary to drill and test up to 30 oil and gas wells on 3 sites and possibly construct and operate a production facility for a maximum possible disturbance of 1.6 acres.	NOD	
2006092020	Metzker - Parcel Map Waiver Modoc County --Modoc John Metzker is requesting a Parcel Map Waiver for the division of 171 +/- acre parcel into two resulting parcels of 129 and 42 acres.	NOD	
2006108350	Mt. Bullion Communications Tower and Building Replacement Forestry and Fire Protection, Department of --Mariposa The proposed project consists of constructing new facilities including a 180 foot telecommunications tower, generator building, generator, and installation of new propane tanks. The new facilities are needed to provide the essential emergency communications linkage for the California Department of Forestry and Fire Protection emergency response and fire protection command and control throughout the state.	NOE	
2006108351	Mount Lowe Communications Tower and Generator Replacement Forestry and Fire Protection, Department of San Luis Obispo--San Luis Obispo The proposed project consists of constructing a new 140 foot telecommunications tower, consisting of an 80 foot lattice, 40 foot monopole, and 20 foot pipe. This tower is needed to provide the essential emergency communications linkage for the California Department of Forestry and Fire Protection emergency response and fire protection command and control throughout the state.	NOE

2006108352	Joaquin Ridge Communications Towers and Buildings Replacement Forestry and Fire Protection, Department of --Fresno The proposed project consists of constructing new facilities including a 140 foot telecommunications tower, radio vault, generator building, generator and installation of new propane tanks. The new facilities are needed to provide the essential emergency communications linkage for the California Department of Forestry and Fire Protection emergency response and fire protection command and control throughout the state.	NOE	
2006108353	Blue Ridge Communications Tower and Buildings Replacement Forestry and Fire Protection, Department of --Fresno The proposed project consists of constructing a 140 foot tall telecommunications tower along with a new communications vault, generator building, and generator. The communications tower is needed to provide essential emergency communications linkage for the California Department of Forestry and Fire Protection (CDF) emergency response and fire protection command and control throughout the state. These facilities will replace deteriorating and obsolete structures including three 60 foot tall wood pole antennas, a radio vault/generator building, propane tank, and generator.	NOE	
2006108354	Construct Groundwater Remediation System at Kingvale Maintenance Station Caltrans #3 --Nevada The project proposes to construct a groundwater remediation system at the Kingvale Maintenance Station. Activities include installing approximately 12 air sparge wells 35 feet deep each, trenching, re-paving trenched areas, and installation of ozone generating equipment in a Tuff shed building.	NOE	
2006108355	PGE Gas Line 400 and 401 Repair Fish & Game #2 --Yolo Agreement No. 2006-0365-R2, replace failed concrete mattresses over pipelines.	NOE	
2006108356	1240 Arroyo Sarco Bank Repair Fish & Game #3 Napa--Napa The Operator proposes to repair an eroded bank on Sarco Creek at 1240 Arroyo Sarco in Napa. Rock riprap will be keyed into the toe with a small wheeled excavator in the bed of the creek. Rock will then be stacked approximately 6 feet high along the eroded bank. The remaining upper portion of the bank will be covered in soil and planted with native shrubs and trees. An existing garden shed is located approximately 2 feet from the eroded section of bank. The stabilization will help to arrest the erosion and save the shed. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement number 1600-2006-0647-3 pursuant to Section 1602 of the Fish and Game Code.	NOE	
2006108357	Routine Maintenance Agreement City of Napa Fish & Game #3 --Napa The operator proposes to do annual maintenance on the water diversion structures within Napa County. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement number 1600-2006-0363-3	NOE

	pursuant to Section 1602 of the Fish and Game Code.		
2006108358	Sonoma Academy Fish & Game #3 Santa Rosa--Sonoma The operator proposes to construct a 30-inch diameter stormdrain outfall into Kawana Springs Creek as part of the construction of the Sonoma Academy. The outfall is recessed approximately 30 feet away from the natural creek channel and drains through a constructed open channel to the confluence with the creek. Storm water from the development will flow through two detention basins before discharging to Kawana Springs Creek. Issuance of a Streambed Alteration Agreement Number 1600-2006-0372-3 is pursuant to Fish and Game Code Section 1602.	NOE	
2006108359	Aligning Land Use Policies and Water Quality Management (No. 06-153-550-0) State Water Resources Control Board --Ventura, Sacramento, Calaveras The Local Government Commission (LGC) will provide assistance to regions applying for discharge permits. For Ventura, Sacramento, and Calaveras counties and their cities the LGC will review existing land use policies and ordinances and develop alternatives that better support regional water management goals.	NOE	
2006108360	Willow Wash Bridge Scour Retrofit Fish & Game Eastern Sierra-Inland Deserts Region --Riverside The Department is issuing a 1602 Streambed Alteration Agreement to the project proponent, who proposes to correct the scouring problem at the I-10 westbound Willow Wash Bridge by retrofitting the existing footings. The bridge has been classified as scour critical with a code rating of #3; "bridge foundation determined to be unstable for calculated scour conditions." The work will consist of retrofitting the upstream (north side) footings of benets 2 and 3 by driving piles and constructing two concrete check dams. A temporary access ramp will be constructed off of I-10, 100 feet west of the bridge, to allow the contractor's equipment to go down the streambed and get in and out of the wash. All work will be performed within the existing State right of way. The project will result in 0.0023-acre of permanent impacts and 0.25-acre of temporary impacts to the unvegetated streambed.	NOE	
2006108361	Moonstone Beach Boardwalk Extension Parks and Recreation, Department of --San Luis Obispo Construct an approximately 1,100 foot-long Americans with Disabilities Act compliant extension of the Moonstone Beach boardwalk. The extension will connect the existing Moonstone Beach boardwalk with the Cambria Cross Town Trail and will improve public access to the Santa Rosa Creek Day use area and Moonstone Beach. The boardwalk will be constructed of recycled plastic and pressure treated wood to resist decay. The completed Moonstone boardwalk will improve public access, eliminate use of a volunteer trail system, and protect natural resources.	NOE
